

EPS FOOTBALL GAME FAN PROTOCOL

Limited Ticket Availability

The home side will have 2100 tickets for sale. They will be available through booster organizations for families of football players, band, and cheer/pom. The student body can purchase tickets at their schools during lunch. VE students may purchase tickets at the school's finance office during the week of the game. Senior and faculty passes will be honored.

Social Distanced Seating Necessary

Families are invited to sit together, leaving six feet between their group and other guests. The student section will be marked by seating stickers so that each student will know where they can safely stand or sit at an appropriate distance from others.

Masks Required for Fans

EPS football fans must wear a face mask upon entering and throughout the game.

No Tailgating

To avoid the possibility of COVID exposures, there will be no tailgating before, after, or during the games.

No Students on the Field

Students are asked to stay in the stands for the entrance of the team. Fans will not be able to congregate on the field prior to or after the game. At the end of the game, football players may gather near the student section, remembering to leave a safe distance from one another.

No Outside Food or Drinks

Outside food and drinks are not permitted in the stadiums. Concession stands will be offering prepackaged snack items for sale.

No Flags or Banners

No flags or banners may be brought inside the stadium by guests. Only the school's "touchdown flags" will be run on the field by appointed members of the student body.
